<b>Client:</b>	<b>Office of Public Works</b>
<b>Architect:</b>	<b>Office of Public Works</b>
<b>Services Engineer:</b>	<b>PH McCarthy</b>
<b>Value:</b>	<b>€3.5m</b>
<b>Status:</b>	<b>Completed 2007</b>

### Description:

Fit out of the new Civil Defence Headquarters in Roscrea, Co Tipperary. The works involved the complete fit out of the two storey building with HVAC and Electrical Services which included back-up emergency generator and specialist lighting. Specialist communication areas and training facilities were also included. A 100 seat Auditorium lecture theatre formed part of the fit out and air conditioning and ventilation of this auditorium was implemented using an underfloor variable air volume displacement ventilation system.

### Features:

- Underfloor variable air volume displacement ventilation system in auditorium
- Emergency standby generator
- Energy efficient lighting
- Primary Air AHU's with localized above ceiling Fan Coil Units
